

Installation Procedure

1. Please read all instructions before starting.
2. Connect to the college enrolment WiFi network. **It is available at the library and H10 area.**
SKIP THIS STEP if you already have Internet connection

Wi-Fi Network: **LilydaleHeightsEnrol**

Wi-Fi Password: **byodlilydale**

3. Sign in to Lilydale Heights BYOD Portal using your school username and password.

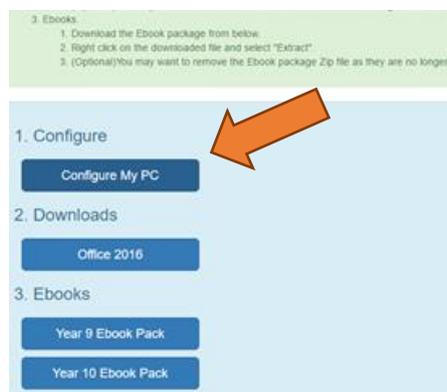

<http://byod.lilydaleheights.vic.edu.au>.

4. Accept Terms and Conditions of the Program.

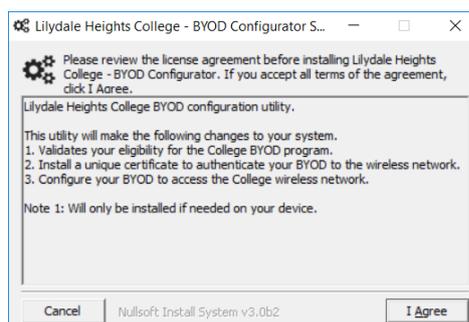

Then Click **I want to connect my PC**. It will show you a brief instruction how to connect.

5. Click **CONFIGURE MY PC** to download the application package

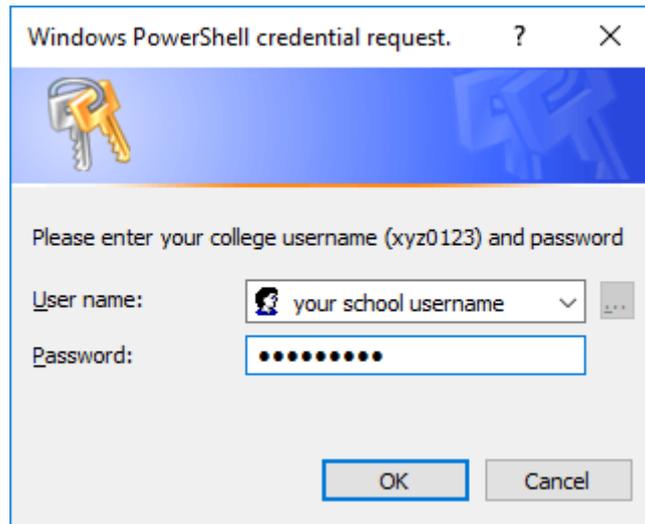

6. Open downloaded file, LHCCFG.exe. At this stage, you may see warnings about an unidentified developer or an application downloaded from the internet. The messages may appear slightly different depending on Windows version.

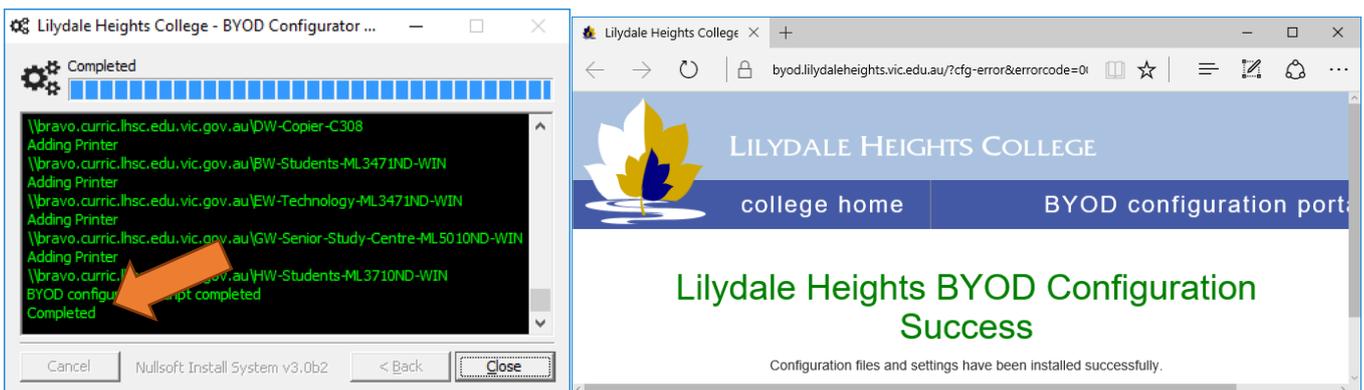

Click **I Agree**

7. The installation process may take 5-15min. You have to provide your school user name and password to make system changes.

8. If your name and password are accepted your PC will have installed and configured some applications and settings to work in the school.
At the end of successful installation you will see a message in your browser about success. If something went wrong error messages may be displayed as well in your browser or by your PC system.

9. At this stage you can access Internet and printing in the school. To install additional software e.g. Microsoft Office or eBooks return to the BYOD Portal and click option buttons as appropriate. Then download and install additional applications or eBooks as appropriate.
